

Home Learning

Please continue to listen to your children read at least 4 times a week to help increase their fluency. It is also important to ask questions to check whether your child understands the text. If you require any support with this then please let me know. In addition, the children will receive weekly home learning. This will be given out on a Friday and collected in the following Friday. This will include a worksheet in their home learning books for both maths and spelling. The children's log in details will be stuck in the front of their home learning books.

Maths

We will be learning about:

- 2D and 3D shapes - including lines of symmetry
- Place Value
- Addition and Subtraction

Art & DT

We will be:

- Exploring different mark making activities
- Developing our line drawing skills

Music

We will enjoy exploring patterns within music and making music with our voices and instruments.

RE

We will be considering the following big question:
"Why are some places special?"

How did the Great Fire of London leave a legacy?

Jay Crew - Term 1 - 2023-2024

Science

We will be learning about materials by:

- Identifying their properties
- Bending and stretching them
- Sorting and classifying
- Investigating their properties
- Test their uses

PSHE

We will learn more about how to Thrive in school.

We will learn about our value of generosity. In Jigsaw lessons, we will look at the theme 'Being Me in My World'.

PE

Jays will be working on cricket skills with a focus on their throwing and catching skills.

Computing

This term, we will be using Scratch and Scratch Jr to develop our coding skills to make different objects move.

History

We will be learning about the Great Fire of London and how this event left a legacy. We will be developing skills as historians by understanding cause and consequence, looking at primary and secondary sources and asking questions.

English

Our project will be closely linked with English sessions where children will learn to write poetry and a story. We will be continuing to embed capital letters and full stops. We will also be learning some new grammatical features that we can include in our sentences including expanded noun phrases and conjunctions.
