

Key Vocabulary	
sight	Your eyes let you see all the things around you.
hearing	Your ears let you listen to all the things around you. Your brain is able to tell what different sounds are.
touch	Your skin gives you the sense of touch. You can tell if something is warm, cold, smooth or rough without even looking at it!
taste	Your sense of taste comes from your tongue. You can tell if something tastes bitter or sweet. You might have some tastes you like and some you don't.
smell	You smell using your nose. Your nose can tell if things smell nice or not nice.

National Curriculum

identify, name, draw and label the basic parts of the human body and say which part of the body is associated with each sense.

Senses

sight

hearing

touch

taste

smell

Parts of the Body

head
